

# Monthly Departmental Reports

August, 2015

# Memo

**To:** Spencer Nebel, City Manager and City Council  
**From:** Derrick Tokos, Community Development Director  
**Date:** September 4, 2015  
**Re:** Department Update

## **MONTHLY PERMIT FIGURES**

The following is a summary of building and land use activity for July and August of 2015.

	Building Permits	Electrical Permits	Plumbing Permits	Construction Value	Land Use Actions
Jul/Aug	28 (\$11,959.23)	55 (\$5,597.44)	10 (\$1,602.04)	\$1,228,817.64	7 (\$2,078.00)
YTD	114 (\$72,163.27)	209 (\$29,050.15)	50 (\$9,043.86)	\$7,896,118.11	43 (\$26,881.00)

Building permit activity for the month of July and August included 4 new single family dwellings, commercial and residential remodels, a new retaining wall, a solar panel installation, and temporary signage. Land use actions include two conditional use permit applications; two land partitions, a street vacation, a temporary structures permit and a land use compatibility signoff.

## **STATUS OF SIGNIFICANT CONSTRUCTION PROJECTS**

Aquatic Facility: Building permit review is finished and the permit is being prepared.

Inn at Nye Beach: Plan review completed and corrections requested. Owner redesigned some elements to address geotechnical concerns and to provide for two additional units and related parking.

Nazarene Church Outreach/Community Center: Construction continues to progress slowly. The church has hired a new project manager. Progress inspection performed. Interior rooms are being framed.

Newport Candy Shoppe / Rebuild into a Restaurant: Permit ready to issue.

Newport Coffee Shop (Harborton and College Way): Building is still being framed.

OMSI Coastal Discovery Center: Drywall is being installed in the dining hall, and rough-in inspections performed on the cabins. Foundation permits pulled for modular classrooms and maintenance building.

Pacific Seafood Remodel. Permit issued 4/30/15 and work was initiated. Owner decided to halt construction so that they could redesign the layout for the facility. Revised plans were submitted and reviewed. Foundation has been poured. Equipment installation and framing is underway.

Teevin Bros. Log Yard: Teevin Bros has entered into a lease option with the Port of Newport to operate a log yard facility provided it is constructed by the Port of Newport. The facility is being shifted to the north so that it is entirely on Port property. Teevin Bros. is preparing a new set of plans that will be used to support Port of Newport TIGER and ConnectOregon grant applications for construction funding.

Walmart Solar Array: Plans have been reviewed and permit is being prepared.

### **SIGNIFICANT PLANNING PROJECTS**

Pacific Marine Energy Center – South Energy Test Site (PMEC – SETS): Future grid connected wave energy test facility off the coast of Newport. NNMREC-OSU is working through the FERC regulatory process and is addressing issues related to environmental impacts associated with the project. NNMREC-OSU led a luncheon on 6/2 with representatives from the Department of Energy (DOE) and local stakeholders. DOE hasn't committed to funding the project and is weighing the Newport location against another site in California.

Safe Haven Hill Tsunami Evacuation Improvements: Phase 2 funding awarded by FEMA on 9/29/14. City Council approved funding agreement with OEM on 12/1/14, along with a task order with Civil West to design the improvements. A final public open houses on the design was held 5/27/15, the project has been bid, and a contract has been awarded. City is obtaining a permit from ODOT to build the improvements on state property. Deadline for expending FEMA funds is March 26, 2016.

Creation of Land Bank for Work Force Housing: Lincoln Community Land Trust (LCLT) has entered into an agreement with Proud Ground, a community land trust in the Portland Metro Area to serve as its Executive Director and to work with LCLT to develop a plan for leveraging CDBG funds with a target of rolling out at least 10 work force housing units by the end of the three year period that Newport, Lincoln City, and Lincoln County have agreed to provide supplemental funding to the Trust. Habitat for Humanity presented a proposal to the Planning Commission on 3/9/15 and 5/26/15 related to their securing city lots for construction of affordable housing units. The Commission voted to support the proposal on 6/8/15. The Council held a work session on the agreement on 6/15/15 and approved the agreement with Habitat on 7/20/15.

Vacation Rental Code Update: At this time 179 applications for VRD or B&B endorsements have been submitted. The City has conducted 176 inspections, 165 of which have passed. Fire egress out of bedroom windows, safety glazing on windows close to doors, lack of GFCI outlets, inadequate hand railing or guard rails on staircases, and strapping on water heaters have been the primary issues identified through the inspection process.

Agate Beach Street and Recreation Enhancements: On 8/2/12 FHWA announced that the project will be funded in the amount of \$557,696 with a City match of \$139,424. City received a final grant agreement from ODOT on 7/30/13. The State issued an RFP for design services on 2/6/14 and City/State selected the firm OTAK as the consultant. ODOT issued notice to proceed on 9/16/14 and kickoff meeting was held 9/24/14. Staff conducted public outreach meetings on 11/18/14 and 12/18/14 to inform the design and a public "open house" on the final design was held on 3/11/15. City appropriated supplemental funding in the amount of \$300,000 on 8/31/15 to ensure there will be sufficient funding for the construction phase. Final design has been submitted to FHWA for final approval. Project is scheduled to be advertised 10/1/15 with a bid opening on 10/22/15.

Reservoir UGB Amendment and Annexation: The expansion proposal was approved by the City Council on 5/6/13 and County on 4/16/14. An intergovernmental agreement addressing the future transfer of Big Creek Road has also been put in place. DLCD acknowledged the UGB amendment on 7/10/14 and the UGB expansion is official as of that date. City Council initiated annexation process for city owned properties within the expansion area on 7/7/14. A hearing before the Planning Commission will be scheduled once a legal description has been prepared for the annexation area. This is contingent upon a boundary being established for a "legalized" Big Creek Road. The County finished the legalization survey and the Board of Commissioners held a hearing on 8/25/15. Staff is preparing a maintenance agreement for Big Creek Road and a legal description for the area to be annexed.

Planning for Replacement of the Yaquina Bay Bridge: City and County staff and elected officials met with ODOT on 5/16/13 to discuss a scope of services for the data and base line modeling that the consultants will develop (approx. \$150,000). Counters were placed to collect traffic data in August. Staff met with ODOT consultants on 10/23/13 and 2/18/14 to discuss how the modeling will be performed and provided them with land use data they will need to perform growth projections. Existing development assumptions provided by consultant in May. Staff has reviewed and edited the data. Staff met with the consultant on 6/11/14 and 8/15/14 to review and finalize 20-year growth assumptions for the traffic model. The modeling effort is close to being complete and ODOT Region 2 has budgeted funds to conduct an alternatives analysis in FY 15/16.

Development of GIS Addressing Layer: City is responsible for assigning addresses within its corporate limits. The paper maps used for this purpose are frail, and the process for updating the maps is inefficient. The State of Oregon is preparing a new GIS based addressing layers for all jurisdictions in the County. The project is funded by

OEM and the information will be used to support 911 services. No date has been set for when the work will be finished.

Student Housing Study: City Council adopted ordinance incorporating recommendations into the Newport Comprehensive Plan on 2/17/15 meeting. Staff to schedule meeting with County to discuss framework for a multi-unit property tax exemption program for multi-family housing.

Local Improvement District TGM Grant — Secured approximately \$85,000 in funding from the Transportation Growth Management Program for the purpose of developing model policy, code, and informational materials to assist the City of Newport in making Local Improvement Districts an effective and publicly acceptable financing tool for needed transportation system improvements. An IGA with the state has been signed and consultant received authorization to proceed on 4/30/15. Project kick-off meeting held 7/6/15. Next advisory committee meeting, on implementation strategies, will occur 9/15/15.

Creation of a Northside Urban Renewal District: City Council adopted Resolutions No. 3707 and 3708 on 3/16/15 initiating the process for creating a plan. A stakeholder group is being formed with Council appointment of the two at large citizen representatives occurring on 5/4/15. Staff has obtained quotes from qualified consultants and is preparing a contract. Process to be completed such that district will become effective, if adopted, FY 16/17. City has budgeted \$30,000 for this effort. Advisory committee held seven meetings to review and provide guidance on the development of the plans. Public open houses held 7/27/15 and 8/31/15. Briefings held with the Port of Newport on 8/18/15 and Board of Commissioners on 9/1/15. Presentation to Rotary on 9/3/15. Hearings held before the Agency on 9/8/15. Planning Commission and City Council to hold hearings on the plans on 9/14/15 and 9/21/15 respectively.

Implementation of ePermitting System: System will allow contractors to obtain permits and schedule inspections online. Intergovernmental agreement between the State of Oregon and City of Newport adopted 3/16/15. It will take approximately 4-months to get the data converted and system setup. Implementation is slated for late summer or early fall with the system going live on 1/1/16. Technical advisory committee has been formed and staff is meeting with BCD weekly to convert data and train up on the new software.

South Beach Urban Renewal Infrastructure Improvements: Subdivision plat and associated street vacation to facilitate extension of SW Abalone Street and SW 30<sup>th</sup> for the OMSI development have been approved and finalized. The plat was recorded 12/24/14. Design work on street improvements is proceeding such that the projects should be ready to bid in mid-June. Construction will occur in the summer of 2015. SW Brant Street and SW 27<sup>th</sup> Street will be paved with sidewalks at the same time. SE Ferry Slip Road will be widened and a multi-use path installed on the west side from SE Marine Science Drive to SE Ash Street. A public outreach meeting was held 12/9/14 to solicit feedback on the design of these improvements. Final outreach meetings were held on 5/27/15 and 5/28/15. Projects have been bid and are under construction. ODOT has selected a consultant to design the new SE 35<sup>th</sup> and US 101 intersection. Construction of that project is planned for the spring of 2017.

## **COMMITTEE WORK**

Planning Commission: The Commission held a regular meeting on 8/10/15 to consider and approve a conditional use permit for a private school and the zone change recommendations of the Nye Beach Ad Hoc Work Group. A work session was held on 8/24/15 to review the draft Newport Northside and McLean Point urban renewal plans.

Urban Renewal Advisory Committee: The committee met on 6/29/15, 7/14/15, 7/27/15, 8/10/15, 8/17/15, 8/31/15, and 9/1/15 to assist the City in developing urban renewal plans for US 20/101 north of the bridge and Agate Beach (Newport Northside) and industrial lands adjacent to the Port of Newport International Terminal (McLean Point). Open houses were held on 7/27/15 and 8/31/15. The Committee recommended the plans for approval at its 9/1/15 meeting.

Community Visioning Workgroup: Met on 7/30/15 and 8/31/15 to develop a strategy for how the City might move forward with a community-wide visioning effort. The group put together the elements, and has reviewed a draft for how the process could work. The proposal will be considered by the City council at its 9/21/15 meeting.

LID Technical Advisory Committee: — Met on 7/6/15 to kick-off the process and will meet again on 9/15/15 to discuss implementation strategies.

To: Spencer Nebel, City Manager  
Re: August 2015 Monthly Activities

Here is a brief summary of Fire Department activities in August:

The month of August we had 188 calls for service. In July we had 226, which was a record. This is a 20% decrease from last month. We had 181 calls in August of last year, which is over 3% more than last August. At the end of August we had 1,405 calls as compared to 1,334 calls the same time last year. We are more than 5% above where we were last year. There were 6 calls of note in August. Two of them were call outs for Conflagrations. The first call out came on Thursday the 13<sup>th</sup>. We sent two apparatus and 4 personnel as part of the Lincoln County Task Force to the County Line 2 Fire in Warm Springs, OR. They were deployed for 7 days. The second was on Friday, the 14<sup>th</sup>. I was asked to join a crew from North Lincoln Fire & Rescue to join a task force made of apparatus from 5 different fire agencies from 4 different counties. We were sent to the Canyon Creek Complex Fire outside of John Day, OR. We were deployed for 8 days. There were 2 mutual aid calls of note in August. One was on August 20<sup>th</sup> in Toledo. We sent an engine and a crew to a fully involved house fire on Alder Lane. The second was a brush and grass fire on Legion Road in Seal Rock. This occurred on the 24<sup>th</sup>. We sent our wildland engine and our water tender to that incident. In our response area we had two calls of note in August. The first was a commercial fire on the 200 block of South Coast Highway on the 20<sup>th</sup>. There was minor fire damage and moderate smoke damage to the structure. The cause was improper use of extension cords. The second was a dryer fire in an apartment on the 600 block of SW 9<sup>th</sup> Street. The fire was contained to the appliance. The apartment was ventilated for smoke.

We lost 3 volunteers in August, leaving our roster at 31 volunteers. We are starting to accept applications and conduct interviews for new volunteers to start in our fall academy. I have one interview for a volunteer next week.

To begin the month, I finished up a camping trip and returned on Monday the 3<sup>rd</sup>. That afternoon I attended a planning meeting for union negotiations at the City Manager's Office. On Tuesday the 4<sup>th</sup>, Engineer Chris Rampley and I gave a talk on Fire Prevention and earthquake/Tsunami preparedness to the residents of Pine Wood Manor on NW 6<sup>th</sup> Street. On Wednesday the 5<sup>th</sup> I worked with Barb James gathering data for the upcoming union negotiations. Thursday the 6<sup>th</sup> I attended my weekly meeting with the City Manager and Chris and I met with the Building Official, Joseph Lease, to discuss a plans review. Monday the 10<sup>th</sup>, I met with Barb again and continued our project for the union negotiations. On Wednesday the 12<sup>th</sup>, I attended a talk on volunteerism at the Library; it was very informative. As noted before, I was out on a conflagration fire from the 14<sup>th</sup> to the 23<sup>rd</sup>. On Monday, August 23<sup>rd</sup> we had union negotiations at the City Manager's Office. On Tuesday the 25<sup>th</sup>, Melanie Nelson and I met with Barb James and Jim Salisbury to go over the Safe Personnel training program that will be rolling out in September. On Wednesday the 26<sup>th</sup> the Fire Department had its monthly operations and volunteer association business meetings. On Thursday the 27<sup>th</sup> I attended the monthly Fire Defense Board Meeting in Toledo.

During the latter part of August, conditions in Lincoln County, including the coastal areas, became dry enough that Oregon State Parks and Lincoln County Parks decided to close all recreational burning. The Fire Agencies in Lincoln County followed suit and closed all burning in their jurisdictions. This level of closure has not occurred here in roughly 20 years. That should be an indication of just how little rainfall we have received this year. Fortunately, at the very end of the month and into the beginning of September we received enough rainfall that I allowed recreational burning again, in time for the Labor Day holiday weekend.

This month we will be posting the position of Assistant Chief/Fire Marshal again. Testing will occur in early November. We are also preparing for Fire Prevention Week in the first week of October. Our seasonal firefighters have finished their time and I thank them for all of their hard work this summer. We were able to get a lot of much needed maintenance done to our facilities and equipment because of their efforts.

## **Training Report**

### **August 2015**

#### **Past month training subjects:**

The following were the drill topics for the month of August:

- Hose handling
- Hydrant Hook ups
- PPE & Physical fitness
- Anaphylaxis
- Hazmat
- Flammable Liquids and Gasses (FLAG)

#### **Past month drill hours:**

During the month of August 119.0 hours of training were documented. Of the 119.0 hours of training in August 47.5 hours were logged by the paid staff and 71.5 hours were logged by the volunteers.

#### **Monthly highlights and special considerations:**

During the month Newport Fire hosted a county wide NFPA 472 Hazmat class. Also during the month DPSST conducted the classroom portion of FLAG training and we will be conducting the Live Fire portion of this training in September.

Respectfully submitted,  
Rob Murphy, Fire Chief

## Newport Police Department Memorandum

*One Team - One Future*

---

Date: September 8, 2015

To: Spencer Nebel, City Manager

From: Mark J. Miranda, Chief of Police 

Subject: Department Report for August 2015

1. It seemed busy in August, but we were actually down about one hundred calls for service from July. So far this year, we are 19 calls for service below that of last year at this time. 1422 calls for service is still a lot and our officers have been active. When they are not handling calls, they are working on follow-up investigations, working traffic enforcement, and any special projects that come along. The monthly statistical review is attached.
2. Our new radar reader board has been posted in three locations this month. Attached is the information we obtain from the reader board. It's quite interesting to see how the speeds vary depending on the time of day, or day of week.
3. Sgt. Gainer and Ofcr. Purdom talked to the students at the Newport Middle School summer program (Science Technology Education Arts Math). The topics included, personal safety, the role of a police officer, safety belts, bike/helmet and pedestrian safety. The students also got to climb in and around a police car.
4. We had several people out for training this month:
  - a. Sgt. Gainer attended Internal Affairs Investigation training
  - b. Lt. Malloy is still at the FBINA Academy. He's due to graduate on September 18<sup>th</sup>.
  - c. Ofcr. Litchfield is still at the Police Academy. She graduates next month.
  - d. Ofcr. Lekas attended Leadership Training.
5. Our Police Volunteers assisted with the Hatfield 50<sup>th</sup> Anniversary Celebration. They also had a booth at the County Fair. They did a marvelous job in its setup and were great ambassadors for the Department and City.

6. Meetings and events I attended in August include:
- a. Boss Radio show on Honor Flight
  - b. OCCC Criminal Justice open house
  - c. The City Town Hall
  - d. And a few days of vacation

<b>Average Volume per Day</b>	2,807.98
<b>Total Volume</b>	3,705

# Memo

**To:** Spencer Nebel, City Manager and City Council  
**From:** Jim Protiva, Parks and Recreation Director  
**Date:** September 13, 2015  
**Re:** Parks and Rec Department Update – August 2015

## ***Recreation Center***

- Entire department worked on the Fall Activity Guide which was delivered from the printer on Friday, August 28. It is available in print and online
- Hired 2 Rec. Leaders to replace some of the 8 that are leaving for college. We are interviewing for 2 Building Attendant open positions, but having trouble getting people to respond to our ads.
- The Summer Activity Club kids had fieldtrips to a movie, the Aquarium, and the Yo-Ho-Ho Bounce House in South Beach. There were plenty of swim time and outdoor games as the weather cooperated with us throughout the month

## ***Municipal Pool***

- Seahorse 2015! Another successful and incident free event~ NST reported a record swimmer attendance; Newport swimming pool received payment of \$2,520.00
- Swimming lessons saw a big increase in private swimming lesson offerings. Instructor Brittney Fleenor has been innovative in teaching classes throughout the week and on weekends.
- Large numbers of tourists have been using the pool this summer.
- The Newport Swim Team has hired a new Head Coach, John Wray. He is planning some big changes in how and how often they will be holding practice.
- Staffing issues remain a large concern as many lifeguards will be leaving the area to attend college. We are in desperate need for new guards to apply.

### **Sports Programs**

- Basketball Camp took place at the Recreation Center. There were 88 youth that participated.
- Tennis Camp took place at Frank Wade Park. There were 13 youth that participated.
- Attended the Mid-Valley Middle School Conference meeting for athletic directors. Finalized the fall cross country schedule and discussed the upcoming winter sports programs.
- Buccaneer Rampage Mud Obstacle Race took place at the airport. Had 146 racers and 300+ in total attendance. Final revenue numbers aren't in yet due to several bills still needing to be paid, but it appears the event will net \$3,000+. All proceeds go towards our youth scholarship fund.

### **60 Plus Center**

- We took our yearly trip to the Scandinavian Festival in Junction City. Actors and storytellers, in costume, weave through the crowds delighting young and old.
- For "History Buffs" a trip to Corvallis provided a trolley tour that explained the beautiful homes and history about the families who lived there, then the Farmers Market, Trader Joes and Pastini Pastaria for a wonderful pasta lunch.
- Kayak lovers came together August 21<sup>st</sup> at Beaver Creek Park for demonstrations on using a kayak, paddle and life preserver. Everyone enjoyed a relaxing journey down Beaver Creek.
- At a tour to the Yachats Farm, participants meandered through seven small farms that carried grass fed beef, lambs, goats, heirloom apples, berries and pears, and even had a chance to hold a baby peacock on our arms.

<b>Parks &amp; Rec Data August 2015</b>	<b>Facility usage counts</b>	<b># Programs offered</b>	<b>New annual passes</b>	<b>Total annual passes</b>	<b>New other passes</b>	<b>Total other passes</b>	<b>Drop in users</b>
