- l. - b. Contractor shall furnish weekly to the City, certified statements, in writing, on a form prescribed by the Commissioner of the Bureau of Labor, certifying: (a) the hourly rate of wage paid each worker whom the contractor or the subcontractor has employed on the works; and (b) that no worker employed on the work has been paid less than the prevailing rate of wage or less than the minimum hourly rate of wage. If the Contractor has not filed the certified statements as required under this contract, the City shall retain 25 percent of any amount earned by the Contractor until the Contractor has complied. The City shall pay the Contractor the amount retained under this subsection within 14 days after the Contractor has filed the certified statements with the City.
- c. Contractor shall allow the Bureau of Labor and Industries ("BOLI") to enter the office or business establishment of Contractor at any reasonable time to determine whether the prevailing rate of wage is actually being paid and shall make payment records available to BOLI on request. Contractor shall require subcontractors to provide the same right of entry and inspection.
- d. City shall not make final payment unless the prevailing wage rate certifications are received.
- e. Contractor must comply with all laws and regulations relating to prevailing wages, whether or not set out in this contract. Further information regarding prevailing wages, including requirements applicable to Contractor, is available at:
- f. Prevailing Wage Requirements (ORS 279C.830 AND ORS 279C.840).

Davis Bacon and Oregon State Prevailing Wage Rates included in the Invitation to Bid are applicable to this project; the higher of two wage rates shall be paid for each hour worked. Information is also available by contacting BOLI at 971-673-0839 or <http://www.oregon.gov/BOLI/WHD/PWR/index.shtml>

12. Equal Opportunity Employment

The Contractor shall not discriminate on the basis of race, color, national origin or sex in the performance of this Contract. The Contractor shall carry out applicable requirements of 40 CFR part 33 in the award and administration of contracts awarded under EPA financial assistance agreements.

13. Warranties

Contractor unconditionally warrants all work and materials under this Contract, including additional work authorized under change orders, against any defects whatsoever, for two years from the date of acceptance by the City, except that manufacturers' warranties and extended manufacturer warranties as specified in the contract documents or otherwise is a standard manufacturer product warranty shall not be abridged. In addition to its right to proceed on the warranty, the City may recover for breach of contract or negligence even if defects do not become evident during the warranty period. Without limiting the foregoing:

- a. Contractor shall: i) perform all work in accordance with all specifications, correcting any work not in compliance with specifications, ii) repair all damage to other improvements, natural and artificial structures, systems, equipment, and vegetation caused by, or resulting in whole or in part from occurrences beginning during the warranty period, and which are the result of defects in construction or materials installed under this contract. Contractor shall be responsible for all costs associated with site cleanup and remediation caused by, or resulting in whole or in part from, defects in its work or materials.
- b. Within 10 calendar days of the City's written notice of defects, Contractor or Contractor's Surety shall start repair of the defects and all related damage. If Contractor or Contractor's Surety fails to correct and repair the defects in a timely manner, the City may have the correction and repair done by others. Contractor or Contractor's Surety shall promptly reimburse the City for all expenses incurred to correct and repair the defects or the City may deduct any amount incurred for such correction and repair from amount owed to the Contractor
- c. In case of an emergency where delay could result in serious loss or damage, the City may make emergency corrections and repairs, without written notice. Contractor or Contractor's Surety shall promptly reimburse the City for all expenses incurred to correct and repair from amount owed to the Contractor.
- d. All work done to comply with the warranty shall itself be warranted for two years beginning on the date of the City's acceptance of the corrections, repairs, replacements or changes.

14. Liquidated Damages

Contractor recognizes that the City shall incur significant internal and external costs (damages) as a result of any delay by the Contractor completing all work within the specified contract time. However, given the nature of the Project, it is unduly burdensome and difficult to demonstrate the exact dollar value of damages related to delay. The City has made a good faith and reasonable estimate of damages it would suffer from delay in completion. Contractor agrees to pay to City, not as a penalty but as liquidated damages, the amount specified in Exhibit B or the City's Special Conditions, if attached, for each calendar day of delay in completion of the project.

The City is authorized to deduct the amount of the liquidated damages from any amounts due and the Contractor and its Surety shall be liable for any excess.

If the Contract is terminated according to the Section 15 and if the Work has not been completed by other means on or before the expiration of Contract Time or adjusted Contract Time, liquidated damages shall be assessed against the Contractor for the duration of time reasonably required to complete the work.

15. Termination

a. Default. City may terminate this contract for default on 10 day's written notice if Contractor:

- Violates any material provision of the contract;
- Disregards applicable laws and regulation;
- Refuses or fails to supply enough materials, equipment or skilled workers for the prosecution of the Work in compliance with the contract;
- Fails to make prompt payment to subcontractors;
- Makes an unauthorized assignment;
- Has a receiver appointed because of the Contractor's insolvency;
- Is adjudged bankrupt and the court consents to the contract termination; or
- Otherwise fails or refuses to perform the contract according to its terms and conditions.

Contractor may avoid termination by remedying the default to City's satisfaction within the 10 day notice period. The City may extend the 10 day period if it is satisfied that Contractor is making satisfactory progress towards remedying the default. On termination, Contractor shall provide City with immediate and peaceful possession of the Project site, and of all materials and equipment to be incorporated into the Project, whether located on and off the Project site, for which the Contractor received progress payments.

If the contract is terminated for default, neither the Contractor nor its Surety shall be:

- Relieved of liability for damages or losses suffered by the City because of the Contractor's breach of Contract; or
- Entitled to receive any further progress payments until the work is completed. However, progress payments for completed work that is disputed and remains due and owing at the time of contract termination may be made according to the City's payment terms, except that City shall be entitled to withhold sufficient funds to cover costs incurred by the City as a result of the termination. Final payment to the Contractor shall be made according to the City's payment terms.

If a termination under this provision is determined by a court of competent jurisdiction to be unjustified, the termination shall be deemed a termination for public convenience. On termination, City may:

- Take possession of the Project site;
- Take possession of materials on the Project site;
- Take possession of materials not on the Project site, for which the Contractor received progress payments;
- Take possession of equipment on the Project site that is to be incorporated into the work;
- Take possession of equipment not on the Project site that is to be incorporated into the work, and for which the Contractor received progress payments; and
- Finish the work by whatever method the City deems expedient.

b. Termination for Public Convenience. City may terminate the contract in whole or in part whenever the City determines that termination of the contract is in the best interest of the public.

- **Notice**
The City shall provide the Contractor and the Contractor's Surety seven (7) calendar days' written notice of termination for public convenience. On the termination date stated in the notice, Contractor and Contractor's Surety shall provide the City with immediate and peaceful possession of the Project site, and of materials and equipment to be incorporated into the work, whether located on and off the Project site, for which the Contractor received progress payments.
- **Compensation**
If the contract is terminated for public convenience, compensation shall be determined by the amount of Work completed/installed and materials and equipment furnished and the status of payment (paid/un-paid) for such work, materials & equipment; less any outstanding labor or material claims against the Contractor.

16. Compliance with Law

- a. Contractor shall comply with all applicable federal, state and local laws, ordinances, and regulations. Contractor shall maintain a current City business license. When multiple standards apply, Contractor shall comply with the more stringent standard. Contractor shall comply with Title VI of the Civil Rights Act of 1964, with Section V of the Rehabilitation Act of 1973, and with all applicable requirements of federal, state and City civil rights and rehabilitation statutes, ordinances, rules and regulations. Contractor also shall comply with the Americans with Disabilities Act of 1990, as amended by the ADA Amendments Act (ADAAA) of 2008 and any subsequent amendments (42 U.S.C. § 12101, et seq.) (Pub L No. 101-336), ORS 659.425, and all regulations and administrative rules established pursuant to those laws. Contractor agrees to comply with ADA in its employment practices, and that it shall perform its contractual obligations consistent with ADA federal requirements/regulations, state disability and accessibility law and requirements, and applicable regulations and administrative rules established pursuant to those laws.
- b. If Contractor encounters a condition not referred to in the solicitation documents, not caused by the successful bidder and not discoverable by a reasonable prebid visual site inspection, and the condition requires compliance with the environmental and natural resources regulations listed in the invitation to bid, Contractor shall immediately notify City and not perform further work without written direction from City. On request of the City, Contractor shall estimate the emergency or regulatory compliance costs as well as the anticipated delay and costs resulting from the encountered condition and provide the cost estimate promptly to the City. Within a reasonable time after receiving the estimate, the City may:
- i. Terminate the contract;
 - ii. Complete the work itself;
 - iii. Use other resources already under contract with the City, through the City of Newport;
 - iv. Solicit bids for a new contractor to provide the necessary services under the competitive bid requirements of this chapter; or
 - v. Issue a change order, setting forth the additional work that must be undertaken, including any necessary extension of time;
 - vi. Seek recovery from property owners or other responsible parties.

If City chooses to terminate the contract under this subsection, Contractor shall be entitled to all costs and expenses incurred to the date of termination, including overhead and reasonable profits, on the percentage of the work completed. If City causes work to be done by another entity, Contractor may not be held liable for actions or omissions of the other entity.

17. Assignment

Contractor shall not assign or transfer its interests in this contract without written consent of City, which consent may be withheld in the City's sole, subjective discretion.

18. Non-partnership

21. Limitation on Authority

The City retains its authority to execute all applications, contracts and other documents relating to the Project. Contractor has no right or authority, express or implied, to commit or otherwise obligate City or any of its partners, except as permitted by the express terms of this Contract, or as authorized in writing.

22. Attorney Fees and Governing Law

3. If there is no Owner Default, Surety's obligation under this Bond shall arise after:
 - 3.1. Owner has notified Contractor and Surety, at the addresses described in Paragraph 10 below, that Owner is considering declaring a Contractor Default and has requested and attempted to arrange a conference with Contractor and Surety to be held not later than 15 days after receipt of such notice to discuss methods of performing the Contract. If Owner, Contractor and Surety agree, Contractor shall be allowed a reasonable time to perform the Contract, but such an agreement shall not waive Owner's right, if any, subsequently to declare a Contractor Default; and
 - 3.2. Owner has declared a Contractor Default and formally terminated Contractor's right to complete the Contract. Such Contractor Default shall not be declared earlier than 20 days after Contractor and Surety have received notice as provided in Paragraph 3.1; and
 - 3.3. Owner has agreed to pay the Balance of the Contract Price to:
 1. Surety in accordance with the terms of the Contract;
 2. Another contractor selected pursuant to Paragraph 4.3 to perform the Contract.
4. When Owner has satisfied the conditions of Paragraph 3, Surety shall promptly and at Surety's expense take one of the following actions:
 - 4.1. Arrange for Contractor, with consent of Owner, to perform and complete the Contract; or
 - 4.2. Undertake to perform and complete the Contract itself, through its agents or through independent contractors; or
 - 4.3. Obtain bids or negotiated proposals from qualified contractors acceptable to Owner for a contract for performance and completion of the Contract, arrange for a contract to be prepared for execution by Owner and Contractor selected with Owner's concurrence, to be secured with performance and payment bonds executed by a qualified surety equivalent to the bonds issued on the Contract, and pay to Owner the amount of damages as described in Paragraph 6 in excess of the Balance of the Contract Price incurred by Owner resulting from Contractor Default; or
- 4.4. Waive its right to perform and complete, arrange for completion, or obtain a new contractor and with reasonable promptness under the circumstances:
 1. After investigation, determine the amount for which it may be liable to Owner and, as soon as practicable after the amount is determined, tender payment therefor to Owner; or
 2. Deny liability in whole or in part and notify Owner citing reasons therefor.
5. If Surety does not proceed as provided in Paragraph 4 with reasonable promptness, Surety shall be deemed to be in default on this Bond 15 days after receipt of an additional written notice from Owner to Surety demanding that Surety perform its obligations under this Bond, and Owner shall be entitled to enforce any remedy available to Owner. If Surety proceeds as provided in Paragraph 4.4, and Owner refuses the payment tendered or Surety has denied liability, in whole or in part, without further notice Owner shall be entitled to enforce any remedy available to Owner.
6. After Owner has terminated Contractor's right to complete the Contract, and if Surety elects to act under Paragraph 4.1, 4.2, or 4.3 above, then the responsibilities of Surety to Owner shall not be greater than those of Contractor under the Contract, and the responsibilities of Owner to Surety shall not be greater than those of Owner under the Contract. To a limit of the amount of this Bond, but subject to commitment by Owner of the Balance of the Contract Price to mitigation of costs and damages on the Contract, Surety is obligated without duplication for:
 - 6.1. The responsibilities of Contractor for correction of defective Work and completion of the Contract;

- 6.2. Additional legal, design professional, and delay costs resulting from Contractor's Default, and resulting from the actions or failure to act of Surety under Paragraph 4; and
- 6.3. Liquidated damages, or if no liquidated damages are specified in the Contract, actual damages caused by delayed performance or non-performance of Contractor.
7. Surety shall not be liable to Owner or others for obligations of Contractor that are unrelated to the Contract, and the Balance of the Contract Price shall not be reduced or set off on account of any such unrelated obligations. No right of action shall accrue on this Bond to any person or entity other than Owner or its heirs, executors, administrators, or successors.
8. Surety hereby waives notice of any change, including changes of time, to Contract or to related subcontracts, purchase orders, and other obligations.
9. Any proceeding, legal or equitable, under this Bond may be instituted in any court of competent jurisdiction in the location in which the Work or part of the Work is located and shall be instituted within two years after Contractor Default or within two years after Contractor ceased working or within two years after Surety refuses or fails to perform its obligations under this Bond, whichever occurs first. If the provisions of this paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.
10. Notice to Surety, Owner, or Contractor shall be mailed or delivered to the address shown on the signature page.
11. When this Bond has been furnished to comply with a statutory requirement in the location where the Contract was to be performed, any provision in this Bond conflicting with said statutory requirement shall be deemed deleted here from and provisions conforming to such statutory requirement shall be deemed incorporated herein. The intent is that this Bond shall be construed as a statutory bond and not as a common law bond.
12. Definitions.
- 12.1 Balance of the Contract Price: The total amount payable by Owner to Contractor under the Contract after all proper adjustments have been made, including allowance to Contractor of any amounts received or to be received by Owner in settlement of insurance or other Claims for damages to which Contractor is entitled, reduced by all valid and proper payments made to or on behalf of Contractor under the Contract.
- 12.2. Contract: The agreement between Owner and Contractor identified on the signature page, including all Contract Documents and changes thereto.
- 12.3. Contractor Default: Failure of Contractor, which has neither been remedied nor waived, to perform or otherwise to comply with the terms of the Contract.
- 12.4. Owner Default: Failure of Owner, which has neither been remedied nor waived, to pay Contractor as required by the Contract or to perform and complete or comply with the other terms thereof.
