

FOR IMMEDIATE RELEASE
Monday, July 27, 2015

Contact: Tim Gross, Public Works Director
541.574.3366

NOTICE

The City and its contractor, Road and Driveway, will be doing maintenance beginning tomorrow, **Tuesday, July 28th through Friday July 31st** between:

- **NW 59th and NW 60th on Rhododendron and;**
- **½ block east of Rhododendron on NW 60th,**

The contractor will be removing the existing pavement, re-grading the road, adding geotextile fabric, and repaving. This work will hopefully allow the road to respond to earth movement as a whole, rather than settle and heave as it currently does, and will allow the water to drain to the existing storm drain system. The City will be following this work later in the summer with ditch excavation and some additional culverts to improve drainage in this area.

Access will be restricted in this area, so please make provisions for parking your vehicle outside of the construction zone identified above if you need quick access/egress.

If you have any questions or special needs, please contact me at your convenience. Thank you.

Timothy Gross, PE
Director of Public Works/City Engineer
