

We will top lift Brant and 27th Tuesday, March 29th.

Please park your cars on 30th or Abalone Monday and Tuesday if you need to come and go during paving. Once we start paving ***no cars will be allowed on the mat until the asphalt has cooled.*** Equipment will start arriving around 7:30; paving starts about 8:30 AM. We will be finished around 5 o'clock.

There will not be any auto access in or out of the Coho-Brant area during the day; only pedestrian traffic. There will be barricades, barrels and candlesticks blocking access to all connecting roads. There isn't any other way to do this.

We will pave in this order:

26th ST & Brant Intersection

Parking Alcove at 29th ST

South Bound lane Brant ST / West Tie in at 27th ST/ West Tie in at 29th ST

West Bound lane 27th ST

East Bound lane 27th ST

North Bound lane Brant / 28th ST Tie in

30th ST Intersection

If weather continues to hold. We will stripe Thursday. That won't be as disruptive as paving, but it will be somewhat inconvenient.
