**CORRECTION  
REGARDING FISH WASTE SPILL**

On July 26, 2013, fish waste spilled from a truck near the intersection of Bay Boulevard and SW Hatfield Drive in Newport. It was reported that the fish waste was being transported for Trident Seafoods. That information was not accurate. The truck transporting the fish waste was coming from Pacific Shrimp, and transporting fish waste for Pacific Shrimp, which is located near the site of the spill.

The City of Newport apologizes to Trident Seafoods and its employees for any inconvenience this error may have caused.
