**NEWPORT MUNICIPAL SWIMMING POOL
TO OPEN THIS EVENING FOR REGULARLY SCHEDULED PROGRAMS**

The Newport Swimming Pool experienced a mechanical failure that prevented the water from heating. The pool has been repaired and will open this evening for all regularly scheduled programs, including swim team, lap swim, and boot camp.

Pool staff reports that the water will still be quite cold later today, around 83 - 84 degrees, as the water will still be heating. It is anticipated that the water temperature should be at the normal 85 - 86 degrees' tomorrow morning, and the pool will be open for all regular programs.

Additional information can be obtained by calling the Kathy Cline at 541.574.5860.
