The City of Newport Public Works Dept will be performing smoke testing of sanitary and storm sewer on Wednesday, 6/21/17. This testing may cause smoke to emerge from the ground, openings in the street, sewer vents, and gutter drains. The smoke is non-toxic and harmless. The smoke may also enter residences, which indicates a plumbing issue.

If you have any questions, or observe smoke in your residence, please call 541-574-3366.
