The city engineer's plans and specifications described the construction of a sewer improvement, the estimates of work to be done on portions of the improvement, the probable costs thereof, and a proposed method of assessment. The city engineer filed such plans, specifications and estimates in the recorder and finance offices of city on the day of August 17, 2009; and

2. On August 17, 2009, the City Council, by Resolution No. 3478, resolved to make the above described improvement; and
3. The city received an insufficient number of remonstrances after notice was given which prevented the City Council from proceeding with the improvement. The City Council, adopted Resolution No. 3478 on August 17, 2009, accepting the engineer's report; directing that construction proceed; and further directing that this resolution be prepared that the cost of the improvement be assessed to the properties directly benefitting; and
4. Such improvements have been authorized by the City Council and the estimated cost thereof has been ascertained by the city engineer; and
5. The proposed assessments are based on the engineer's final report.

THE CITY OF NEWPORT RESOLVES AS FOLLOWS:

Section 1. That the portion of the cost of making the above described improvements of the above described area by construction of the improvement in the manner deemed by the City Council, by Resolution No. 3456 and Resolution No. 3478, be paid by the owners of the real properties benefitted and included within the district is hereby declared to be the total sum of \$41,656.00.

Section 2. The proportionate share of the above costs for the improvements made for Project No. 4-2009 shall be assessed upon each parcel included within Project No. 4-2009, and the city shall accordingly place a lien on each parcel as provided below, and

hereby is ascertained and declared to be the amount described after the separate descriptions of each such parcels below:
