

CITY OF NEWPORT
RESOLUTION NO. 3592

A Resolution Setting Rates for
Water Utility Charges, Fees, Deposits and Penalties,
And Repealing Resolution No. 3544

Findings

- A. The City of Newport operates a water utility that diverts, stores, treats, and delivers water to customers within the City and to its customers outside the City.
- B. The Newport Municipal Code Chapter 5.10 governs the operation and use of the City's water utility. NMC Section 5.10.200 specifically authorizes the City Council to set charges, fees, deposits, and penalties for water utility users.
- C. The rates established by this resolution are calculated to cover the costs of water service, including amounts to pay for the operation, maintenance, repair, necessary replacement, and improvement, but do not generate revenue above what is needed for sound operation and management of the water system.

Based on these findings, the City of Newport resolves as follows:

Section 1. Connection Fee and Street Opening Fee

- A. The fee for a new connection to the water system is based on the size of service. The fees for new connections are:

Service Size	Connection Fee
5/8" x 3/4"	\$1,582.00
1 inch	\$1,754.00
Larger than 1 inch	Actual cost plus 10%

- B. The fee for work, including new connections, that requires the cutting and restoration of asphalt streets is \$1,715.00

Section 2. Deposit

The amount of deposit required under NMC 5.10.020 is \$146.00.

Section 3. Miscellaneous Charges

- A. The charge for a normal reconnection or additional connection is \$18.00, in addition to any connection fee established under Section 1. These fees may be waived on the recommendation of the Public Works Director.

- B. The reconnection fee following a for-cause (delinquent payment or other cause) disconnect is \$40.00.
- C. The charge for opening a connection in violation of NMC Chapter 5.10 is \$90.00.
- D. The fee for late payment is \$18.00.
- E. The fee for a non-payment notice is \$18.00.
