

TRAFFIC SAFETY TIP FOR AUGUST

August is Back to School Safety Month. The Newport Police Department encourages parents and children to walk, bike, and ride to school safely! As parents and caregivers work with young children to learn the rules of the road and how to safely get to and from school, we encourage you to view and utilize the attached role model pledge forms. They should assist you in initiating safety oriented discussions with your children. We look forward to a safe commute to and from school in the 2016/2017 school year!
