

# City of Newport -- Strategic Funding Plan for FYE2014

Updated 9/17/2013

Loan or Grant	Funder	Grant Program	Grant Purpose	Max Grant Amount	Deadline	Eligibility Criteria
<b>DAM RESTORATION</b>						
Grant	Department of Homeland Security - FEMA	Pre-Disaster Mitigation (PDM) Grant Program	Hazard mitigation planning and the implementation of mitigation projects prior to a disaster event. Funding these plans and projects reduces overall risks to the population and structures, while also reducing reliance on funding from actual disaster declarations. Mitigation projects may include property acquisition and structure demolition, property acquisition and structure relocation, structure elevation, dry floodproofing of historic residential structures, dry floodproofing of non-residential structures, minor localized flood reduction projects, structural retrofitting of existing buildings, non-structural retrofitting of existing buildings and facilities, safe room construction, infrastructure retrofit, soil stabilization and wildfire mitigation.	\$3,000,000	Est. Oct. 2014	State agencies, Indian tribal governments and local governments/communities.
Grant	US Dept of Agriculture (USDA) - Rural Development	Community Facility Grants	To assist in the development of essential community facilities in rural areas and towns of up to 20,000 in population. Grant funds can be used to construct, enlarge, or improve community facilities for health care, public safety, and community and public services. This can include the purchase of equipment required for a facility's operation.	Up to 75% of project costs	Varies by jurisdiction	Municipalities, counties and special-purpose districts, as well as non-profit organizations and tribal governments.
Grant	US Dept of Agriculture (USDA) - Rural Development	Emergency Community Water Assistance Grants	To assist rural communities that have experienced a significant decline in quantity or quality of drinking water due to an emergency, or in which such decline is considered imminent, to obtain or maintain adequate quantities of water that meets standards of the Safe Drinking Water Act.	\$500,000	Ongoing	Public bodies, non-profit organizations and Indian tribes serving rural areas.
Loan	Business Oregon - Infrastructure Finance Authority	Special Public Works Fund Grants and Loans	Provides funds for publicly owned facilities that support economic and community development in Oregon. Funds are available to public entities for: planning, designing, purchasing, improving and constructing publicly owned facilities, and emergency projects as a result of a disaster.	\$10M	Ongoing	Airport facilities; buildings and associated equipment; restoration of environmental conditions on publicly owned industrial lands; port facilities, wharves and docks; the purchase of land, rights of way and easements necessary for a public facility; telecommunications facilities; railroads; roadways and bridges; solid waste disposal sites; storm drainage systems; wastewater systems; and water systems. Public agencies that are eligible to apply for funding are: cities; counties; county service districts; tribal councils; ports; and airport districts.
Loan	Business Oregon - Infrastructure Finance Authority	Safe Drinking Water Revolving Loan Fund	A funded project must solve an existing or potential health hazard or noncompliance under federal/state water quality standards. The following are the main types of eligible activities: engineering, design, upgrade, construction or installation of system improvements and equipment for water intake, filtration, treatment, storage, transmission; Acquisitions of property or easements; Planning, surveys, legal/technical support and environmental review Investments to enhance the physical security of drinking water systems, as well as water sources.	\$6M	Ongoing	Owners of water systems that provide service to at least 25 year-round residents or systems that have 15 or more connections (or a nonprofit with 25 or more regular users). Owners can be a nonprofit, private party or municipality, but never federally owned and systems can never be federally operated.
