1. TRANSPORTATION SYSTEM PLAN VIRTUAL WORKSHOP

The City of Newport and the Oregon Department of Transportation are updating the Transportation System Plan (TSP). This is a long-range plan that all future transportation improvements in the city are based on. The plan will guide how we develop and invest in our transportation system to meet the current and future needs of Newport and surrounding areas. It helps determine which projects, policies and programs may receive funding.

There will be a quorum of Planning Commission Members in attendance to participate in the Virtual Workshop. No substantive discussion with the Planning Commission to be heard.
