Subject: Newport Food Carts

[WARNING] This message comes from an external organization. Be careful of embedded links.

Hello,

I'd like to write in to express my support for food carts to be welcome in Newport.

The more opportunities and options for small businesses to become established is a healthy investment in our community. I believe it would contribute to a diverse food destination that tourists would be attracted to. Lincoln City is getting a food cart pod and we need to be able to offer similar experiences. As a food lover, local commercial boat owner and a 10+year Lincoln County resident; I fully support food cart coming to Newport.

Thank you,

Tiffany Pankey
Co-Owner F/V Smith Bros. No.2
