Subject: PAC HVAC/Remodel - Amendment to review

Hi David,
Please find the attached Amendment 3 for the PAC project(s). This will be a small amendment to the HVAC Controls project number (21-029) to provide fee to separate out the formerly combined HVAC Controls/Remodel bid documents into two separate bid scopes. The bids came in very high, and we believe we can get much better pricing (at least on HVAC) by bidding them separately.

I used Amendment 2 as the template and just added the \$2,480 fee to the HVAC Controls (this is for invoice purposes, not the contract).

I was informed by Jason Holland that some of the funding he has in place expires at the end of the year, so we are trying to hurry and get this re-bid. Hopefully this is a fast review as it is a pretty short scope and low fee.

RE: Performing Arts Center – Mechanical Controls
City of Newport | Bid Set

Dear Aaron,

We have been working with the City of Newport and Oregon Coast Council for the Arts (OCCA) on changes to the Newport Performing Arts Center. The project was bid in early January and the city decided not to move forward with this bid but is considering other options to move forward with the project. In the meantime, Newport would like to bid the mechanical controls scope of work. Newport's stated construction budget for the controls is \$215k. This proposal is for YGH + Integrus and our consultants to provide a separate bid set for the mechanical controls scope of work.

YGH + Integrus has been coordinating with the City of Newport and OCCA throughout this process and they have communicated these needs. YGH is requesting additional services for this work.

Professional Fees:

YGH Architecture

Project Manager - 4 hours \$480.00
Total YGH \$480.00

YGH + Integrus Architecture \$480.00
Consultants \$2,000.00
Grand Total \$2,480.00

Totals per Phase:

	YGH	Consultants	Reimbursables	Total
Original Contract – Phase I	\$28,230	\$27,515	\$3,345	\$59,090
Addendum No. 1 – Interior Remodel	\$19,410	\$4,000	\$ -	\$23,410
Addendum No. 2 – Phases 2 & 3	\$95,080	\$149,115	\$9,810	\$254,005
Addendum No. 3 – Mech Controls	\$480	\$2,000	\$ -	\$2,480
Totals	\$143,200	\$182,630	\$13,155	\$338,985

Addendum #1
Amendment #1
Amendment #2

Assumptions:

- This scope of work is limited to separating out the mechanical controls portion of the project into a separate bid set.
- The scope for the building remodel will be maintained as a separate bid set.

We will proceed with work under the terms of our existing contract based on our hourly rates. Please prepare a contract modification for the amount above at your earliest convenience.
