Update on Treated Effluent Water Bypass to Yaquina Bay

DATE: January 12, 2023

On January 12, 2023 at approximately 3:30 P.M City Public Works crews and contractors were able complete repairs to the Effluent Water Pipeline at 2001 SE Marine Science Drive in South Beach. The City has completed repair work to the Effluent Water Pipeline, and ceased discharging of treated effluent water into Yaquina Bay adjacent to Port Dock 5 in Newport and resumed normal operation of the pipeline.

Thank you for your patience as the City worked to repair the pipeline.

For questions, please contact Erik Glover, Assistant City Manager at e.glover@newportoregon.gov
